The outdoor facilities:

This granite stone "Mas" has become a sustainable rural accommodation, **with an organic garden**, home cooking and a small cellar to taste the Empordà wines. You can enjoy taking the little ones to pick the vegetables from the garden.

In the garden there are many different spaces and corners, **two large porches with barbecue facilities** and also a beautiful stone and wood gazebo, all by the pool and jacuzzi, both saltwater. You also find **sports equipment** such as some bicycles, rackets, net, balls, goal and traditional

Catalan bowling. It is also worth mentioning the **multitude of routes for hiking, cycling or mountain biking** that surround the Mas.

The natural center in the warm Catalan summer is the beautiful pool area. Here you find the **swimming pool, of 4 meters x 11 meters, jacuzzi with solarium** and a gazebo. Two 2 large porches with gas and/or wood or charcoal BBQ. provide shade and the perfect place for outdoor cooking. There is also a smaller additional porch. The property has private parking and even now with electric chargers, so you can charge the car while relaxing by the pool.

The surroundings:

The situation in the hilly landscape gives you the **beautiful view to the Pyrenees** separating Catalonia from France and inland you can find all kinds of outdoor activities (hiking, kayaking, cycling etc.). In the other direction, you can drive over the hills to the cosy seaside village of Port Bou, or you can drive via Figueres to the long sandy beaches in for instance Roses, and have swim in the Mediterranean Sea within only about 30 minutes drive.

Staying near **Figueres**, will recommend a visit to the spectacular Museo Teatro Dali, just remember to book tickets in advance to avoid the lineup. A bit further up the E-16 Motorway, you can visit **Girona**, which is one of our favourite cities of Catalonia. We have also a blog about the city: <https://cataloniaholidaylettings.co.uk/blogs/girona-also-known-as-barcelonas-charming-little-sister>

Also worth mentioning is three extraordinary nature spots: the natural parks of Cap de Creus, that of Aiguamolls (low waters) and the natural park of the Albera, they host historical monuments such as the Monastery of Sant Pere de Rodes, that of Sant Quirze de Colera or the Castle of Requesens.

Locally, there is a **cozy village in walking distance (1,5 km.)**. This medieval village with stone houses, is well known for the **several local wineries of the DO Empordà**. It is surrounded by paths with dry stone walls and vineyard landscapes that coexist with the megalithic monuments of the area. Here, you find restaurant and bakery is within walking distance.
