Ferieboligen is a rustic 350m² yet modern holiday home with **3.000m² gardens and large swimming pool of 10 x 5 meters and Spa**. The location on top of a small hill offers stunning views of the mountains, orchards and irrigated fields nearby.

Pilar and her husband have reformed the house with the intention of recovering the **authentic and genuine** that hid under the successive works that had been made over time. Thus, biting the walls, did the original stone, found in soil and clay tiles on the roof we strive to leave all the wooden beams in sight. The **result is a rustic and modern at the same time**, combining antique furniture and stone walls with walls painted colors like sky blue kitchen, a scarlet living room, and bedrooms in fresh colours as green and violet. For your convenience, all rooms have bathrooms ensuite.

It is almost surprising that the distance from this peaceful spot is **less than 2 km. from the centre** of the lively town of Cardona, with the most beautiful antique town centre and a very nice square with restaurants and bars.

At the ground floor, you find the very **rustic kitchen, well equipped** with for instance, ceramic hotplates, oven, microwave, 2 dishwashers, fridge and freezer and much more. 3 steps down, there is a cosy **dining room with seating for 20 persons** with access to the outdoor, covered terrace, ideal for dining in the Summer. If you want to make a **barbecue**, there is stone grill at your disposal. Also at the ground floor, there is a big bedroom equipped with TV and a **bathroom with hydro massage** ensuite.

At the first floor, you find a very large **common room with a fantastic view facing the valley**. To take advantage of this, the best corner for the view has been equipped with comfortable arm chairs, so one can read or simply enjoying the view, while having a drink. In addition, there is a **computer corner** with a computer with internet access, or you can connect your lap-top or Iphone/pad by the WIFI. Then there is a **sofa corner with TV**, where you can be entertained either by the Satellite channels or the PS2-playstation. Finally, there is a **corner for the youngest** with a small table, so they can draw or play.

The **remaining 6 bedrooms** (7 in total with the bedroom at the ground floor), all with **bathrooms en suite** (four of them with bath tubs) are distributed with two at the first floor and then four at the second floor.

Finally, do not forget about the **3.000 m² garden**, with plenty of corners to relax, and with the excellent pool area with the **large swimming pool** of 10 x meters, a **SPA** and then plenty of sun loungers. In the Summer, the swimming pool is uncovered and heated by the sun, and in the off season, the swimming pool is covered and heated to 31 degrees.
