Stay in historical holiday home with a great view!

El Monasterío is beautifully situated on top of a hill, where the **templars** in the 1400s used the house as a base. This castle has now been **fully restored** and to put the icing on the cake there was in the summer of 2006 made a big and great **swimming pool**. The holiday home has room for **14 people**, which is perfect for **one or more families** on holiday together. This house will put up a solid base for an excellent holiday in the Catalan area.

The history:

Templars chose his time to build their **castle** here, because they had a good view of the area below from the top of the hill. If you look at pictures of the view, is also not in doubt that it was a very good choice. A better view is very hard to get. Besides the view, the location provides a very **peaceful atmosphere**, as there are no houses nearby. If you are looking for a **relaxing holiday**, this is the place.

Despite the renovation, there are still many **relics** from the time when it was the property of the templars. You can for an example still see the cannon holes in some places in the house, but the most prominent of all is that there is a **small authentic church** in the backyard, which dates back to the 13th century. If you are curious, you can borrow a key to the church from the owners.

The outside areas:

The pool area of the holiday home stands out. Firstly, the pool is large with a size of less than 32 m2, and secondly, the view is indescribable good, because the pool is equal to the edge of the tray. There has been put a fence for **safety reasons**. In addition, there are **sun beds** for all guests in the house. Right next to the pool there is a **covered terrace**, which probably will be the meeting point of the holiday. There is also another terrace with **direct access to the kitchen**. Here you can enjoy the homemade food during the long and warm Catalan evenings.

The indoor areas:

After a reform in 2021, El Monasterio can now offer 9 bedrooms in total.

The ground floor:
In the ground floor, you find the game room and the stairway to the upper floors. From her, you can access the pool area.

First floor:
There **two bedrooms in the first floor level,** where you also find the kitchen, dining room and the upper terrace. One bedroom has a double bed and one bedroom has two single beds. They **share a bathroom**.

The well-equipped and beautiful **kitchen** has among others a microwave, a dishwasher, a oven and much more. It is even possible to book a **private chef** one evening - it is strongly recommended. Connected to the kitchen there is a large and classic **Catalan long table**, where you can enjoy the food. In the same room there is a small **sitting area** with soft couches.

Second floor:
On the second floor, you find 7 more bedrooms. All of them have bathrooms ensuite. They are distributed as follows:

- Double room with two single beds and bathroom ensuite
- Double room with two single beds and bathroom ensuite
- Double room with double bed and bathroom ensuite
- Double room with double bed and bathroom ensuite
- Triple room with 3 single beds and bathroom ensuite
- Triple room with 1 double bed and 1 single beds and bathroom ensuite
- One five-bed room with 5 single beds and bathroom ensuite.

The surroundings:

El Monasterio is situated on the top of a hill, making you feel on top of the world and with the kind owners house as only "nearby neighbour" 400 meters down the road (literally "down" :-)). This also give you the fantastic view over the area.

Even the seemingly remote location, the big village Gironella is only 10 minutes away. Here you find, shops, bakery, supermarket and restaurants and there is also a tennis club.

10 minutes more by the C-16 motorway, you will reach the regional capitol Berga with bigger supermarkets, and if you continue, the beautiful natural parks of the Pyrenees.

In the other direction, Barcelona is 75 minutes away, or you can turn right in Manresa and drive through the Penedés wine district and to the Mediterranean Sea in for instance Sitges.
