To get to the house you have to follow some small winding roads, which means that it lies in **completely private, quiet and beautiful surroundings**. If you like **fresh air and wonderful scenery**, there are no other houses that fit better than this. Ferieboligen is divided into five apartments, which are rented separately. Here there are respectively an apartment for 8 persons, one apartment for 4 persons and two apartments for two people.

In this apartment, Ferieboligen, there is room for two people. There is **one double bed**, which is a perfect **base for a couple**. There is also a **modern bathroom**. The flat has a **size of 60 m²**. Overall it is arranged **very authentic and traditional** in a Catalan style. It is also clear that there are a great respect for **original materials and structures**. This will provide, along with the **fantastic location of the house**, a **good and romantic atmosphere**. Furthermore there is a nice kitchen where the owners have done a lot to keep it traditional Catalan. In this there are a **fridge**, a **stove**, a **dishwasher** and a **washing machine**. In the same room there is a soft couch, where you can watch TV and there is a fireplace. Upstairs there is a **spacious bedroom** with a **nice double bed**. Outside there is a terrace next to the apartment next door. Here you can read a book or just **relax in the shade** if it gets too hot. However the best thing about the apartment is almost the **breathtaking views** that can be enjoyed. There is a very **special calmness and peace** that is unique to houses in the mountains.

There are two shared facilities that particularly stand out. Firstly there is the **wonderful pool of an entire 40 m²**, which has a **fantastic view** over the mountains and woods. Secondly, there is a very special **spa / wellness area**, which includes the following:

- **"The Flotarium"** - is a special tub in which the water has a density equal to the Dead Sea - it means that one almost floats on top of the water. This is said to be extremely pleasant and relaxing.
- **"Turkish bath"** - is a kind of sauna where the temperature varies from 20 ° C to 50 ° C, depending on which height you are in. The relative humidity is at 99% and therefore there will be the typical "fog".
- **"Sauna"** - normal sauna, where hot rocks warms up the room to 80-90 ° C
- **Indoor pool and massage chair.**
