One of the best and most fascinating things about Ferieboligen is its authentic style - here there has really been gone the extra mile for details. General for this house is that it has **original stone walls and beams** bearing the house. The house has two floors. The ground floor has a **kitchen** with dishwasher, washing machine, oven and other necessary equipment. There is also a **large and spacious living room** with a fireplace, a TV, a dining table and a sitting area. This room is very **unique** in that it has a pillar of wood in the middle - a relic of the original building. There is also direct access to terrace.

If you walk up the stairs to the **first floor**, you are met by **4 double rooms and 2 bathrooms**. The rooms are generally very spacious and beautifully decorated. In total there are 4 single beds and 2 double beds. One of the rooms has a beautiful little **balcony** from which stunning views can be enjoyed. Especially **the bathrooms** are beautiful and classically decorated.

A place that undoubtedly will become the children's favorite is the **swimming pool**. It has a size of 32 m2, and the surrounding area is equipped with sun beds and a parasol. From here, under the Catalan sun and with the hills in the background, you can really enjoy the **peaceful atmosphere** that this holiday home offers. In addition, Ferieboligen has a **very large garden**, where there is lots of space to play football and have fun. There are also many hiking opportunities in the area.
